_____ highlights

- Flat seat pitch at 21.5" height is ideal for post hip and knee surgery patients
- Reduced seat depth makes the back more usable, improves posture and increases mechanical advantage from sit to stand
- Offered in 22" and 30" seat widths
- Available with metal frame
- Molded wood seat and back panel
- Plybent wood frame adds durability
- Generous clean out between seat and back
- Molded foam contoured for maximum comfort
- Arm caps are available in wood, thermoform and urethane
- All models are wall saver
- Fully upholstered back and seat available
- Complementary waiting chairs and occasional tables
- All seating units are designed to accommodate bariatric capacities
- Ottoman available
- Optional moisture barrier
- 25 year warranty
